A GLOBAL SUMMIT

The 18th edition of the Telecom Review Leaders' Summit will build on the success of the 17th edition, as reflected by the participation of C-level executives from over 36 countries, making it a global summit with a regional contribution. Under its annual theme 'Global. Regional. Digital.' Telecom Review Leaders' Summit will spotlight the industry's main trends, including 5G, cloud, data centers, cybersecurity, digitalization and much more.

EXPECTED 600+ ATTENDEES

The 2024 Telecom Review Leaders' Summit is targeting 600+ attendees from the vast ICT ecosystem and from all corners of the globe. The event will gather a host of C-level executives representing mobile, wholesale and satellite operators, vendors, solution providers, enterprises, regulators, governments, NGOs, consultants, analysts, broadcasting companies and OTTs.

GREAT NETWORKING OPPORTUNITY

In addition to in-depth panel discussions, attendees will gather in a friendly networking environment. Exhibitors in the demo area will also showcase their innovative solutions and meet with participating industry leaders and experts.

AWARDS

Telecom Review Excellence Awards and Leader Merit Awards recognize ICT brands and industry leaders for what they have accomplished during the year.

Through its prestigious awards presentation, Telecom Review, together with an independent panel of judges, continues its dedication and commitment to the ICT industry by recognizing the best of the best in corporate innovation and performance, as well as individual capabilities and contributions as influential players globally.

The speakers at the 17th edition were from leading ICT companies
